## Play Policy

The Dell Out of School Club aims to provide a stimulating and varied environment where all children can take part in a range of activities whether they want to sit quietly after a busy day at school or do something more adventurous in the school holidays.

There will be a range of activities on offer taking into account five different aspects of development, including social interaction, physical activity, intellectual stimulation, creative expression and emotional stability.

On offer there will be both structured and unstructured activities, giving the children free choice and experimentation in whatever they choose.

A children's Council is run at the Dell encouraging the children to suggest new activities and ideas, allowing the children to have a say in what happens at their club and making them work as a team. Activities are child centred many and varied and we endeavour to accommodate any safe and sensible suggestions.
